OPEN DOOR ADMISSIONS

Open door admissions means that any high school graduate or GED® diploma recipient is guaranteed admission to IRSC upon presentation of transcripts and SAT, ACT, or P.E.R.T. scores. Baccalaureate and Selective Admissions programs have additional admission criteria. Consult the catalog for your specific program requirements.

GED® is a registered trademark of the American Council on Education (ACE) and administered exclusively by GED Testing Service LLC under license. This material is not endorsed or approved by ACE or GED Testing Service.

FEES

\$103.83 per Associate level college credit, Florida resident

\$390.49 per Associate level college credit, non-Florida resident

\$117.10 per Baccalaureate level college credit, Florida resident

\$536.04 per Baccalaureate level college credit, non-Florida resident

Lab fees are extra.

All fees listed are subject to change at any point during the academic year.

As required by state regulations, effective July 1, 2011 there is a \$30 per semester tuition charge for Adult High School/GED®/ESL.

In accordance with state law, the third time students register for a developmental education class or for a college credit class, they will be assessed the full instructional cost.

PLACEMENT TESTING

Florida Statutes require degree-seeking students to undergo Placement Testing to ensure that they are guided into academic classes most appropriate to their skill levels. Acceptable placement tests are the P.E.R.T. (Postsecondary Education Readiness Test), SAT and ACT. Specific math, reading and English scores used for placement purposes can be found at <http://www.irsc.edu/admissions/assessmentservices/assessmentservices.aspx?id=389#pert>.

Recent revisions to Florida Statutes (Senate Bill 1720) exempt certain students from Placement Testing. Students who entered 9th grade in a Florida public school in the 2003-04 school year or after and earned a Florida standard high school diploma, or students who are serving as active duty members of any branch of the United States armed services are no longer required -- but are strongly encouraged -- to complete mandatory Placement Testing to ensure success. Students must provide official high school transcripts of documentation of military status to be exempt from Placement Testing.

IRSC administers the P.E.R.T., National SAT and National ACT. The P.E.R.T. is offered daily at each IRSC campus. There is a \$10 testing fee for the entire exam (or \$10 for an individual subtest). Photo identification is required. Testing schedules and more information are available online at www.irsc.edu and at all IRSC campuses.

Students are required to wait seven (7) days before retesting on the same P.E.R.T. subtest, and students are strongly encouraged to remediate before retesting. There is no limit on the number of retest attempts.

EXPLANATION OF FOUR DELIVERY OPTIONS FOR MAT 1033

ME – Mastery Emporium

This class takes place in the *MARS Lab. Students work through their computer assignments with the instructor and tutor present for “just in time” assistance. The course is self-accelerated, and students watch videos outside of class to learn the material before working in the lab. This option enables students to finish the course early if they choose.

SE – Supplemental Emporium

This is a combination class. During the Focus Hour, the instructor (with the assistance of a tutor) presents the day's topic using active learning strategies, allowing for student interaction and participation. After the Focus Hour, students work on their computer assignments in the *MARS Lab with the instructor and tutor present for “just in time” assistance.

Traditional

This class meets with an instructor in a traditional classroom to go over the assigned topics using lecture and various strategies. All computer assignments are completed outside of class time.

Virtual

This class is exclusively online, and students learn the material through videos and the e-textbook. Tests are administered in the Assessment Center on all IRSC campuses.

High School students get a head start with Dual Enrollment

Why Choose Dual Enrollment?

Dual Enrollment is a great opportunity to earn high school and college credits at the same time to speed progress to a college degree or certificate. Tuition is FREE for all high school and home school students. Books are free for students enrolled in a public high school. Day and evening classes, face to face and online classes, are available during Fall Semester.

How Do I Qualify?

Eligible students must :

- have a 9th-12th grade classification (Varies by county - consult your high school advisor for details.)
- provide Enhanced ACT, SATI – Recentered or P.E.R.T. scores that are no more than two years old.
- have a minimum 3.0 unweighted high school GPA for college credit courses or 2.0 unweighted high school GPA for technical education courses.

Where Do I Start?

- Contact the IRSC Information Call Center at 772-462-4772
- Consult your high school guidance counselor to learn how Dual Enrollment courses will apply to high school graduation and to ensure courses being considered will apply toward a degree program.

EXCESS HOURS ADVISORY STATEMENT

Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for students seeking Baccalaureate Degrees at state universities. It is critical that students, including those entering Florida College System institutions, are aware of the potential for additional course fees. For the 2012-13 academic year and thereafter, "excess hours" are defined as hours that go beyond 110% of the hours required for a Baccalaureate Degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 132 credit hours (110% x 120).

All students whose educational plan may include earning a Bachelor's Degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida College System students intending to transfer to state universities should identify a major or "transfer program" early and, by the time the student earns 30 semester hours of college credit, be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses nonessential to the intended major, may contribute to a potential excess hours surcharge.

Please schedule an appointment with your advisor to create an academic plan that ensures you enroll only in courses needed for your program so that you can avoid extra costs when transferring to a state university.
